

# HOST YOUR OWN AMAZING VIRTUAL CONFERENCE

Connect global audiences and maximise engagement with a virtual conference

# ABOUT US

## Who is the Friday Media Group?

For over 40 years, we've been connecting businesses with people through print and digital means. As experts in connectivity, it was a natural synergy to become vFairs's official distributor within the UK and Europe.

## Who is vFairs?

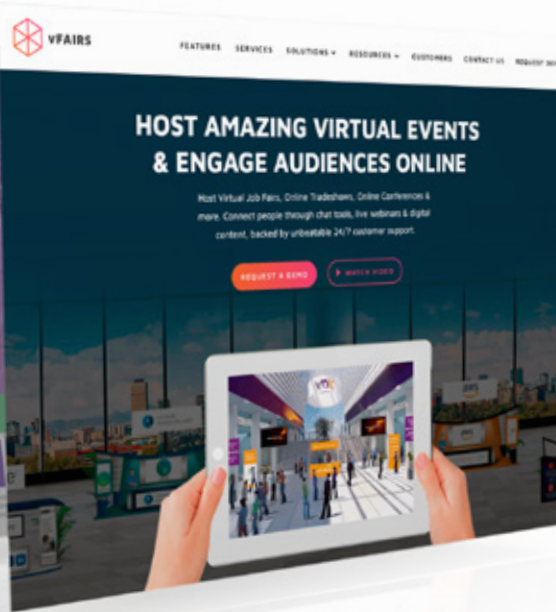

We're a one-stop-shop for running virtual events that deliver big on results. If you're looking to engage and amaze audiences, we've got a wide range of exciting features that will allow you to do just that.

## Our brand promise

No other virtual event provider can offer our feature set and class of project management & customer support for a lower price.

## Our standing offer

If you can show us any provider with the same offering but at a lower cost, we'll match the price.

# HOW DOES IT WORK?

When you choose to host your virtual conference with us, you'll immediately be assigned a dedicated Project Manager. They will be on hand to provide unlimited support throughout the whole process, taking the stress and hassle out of your hands.

We'll start by creating your personal event landing page so visitors can:

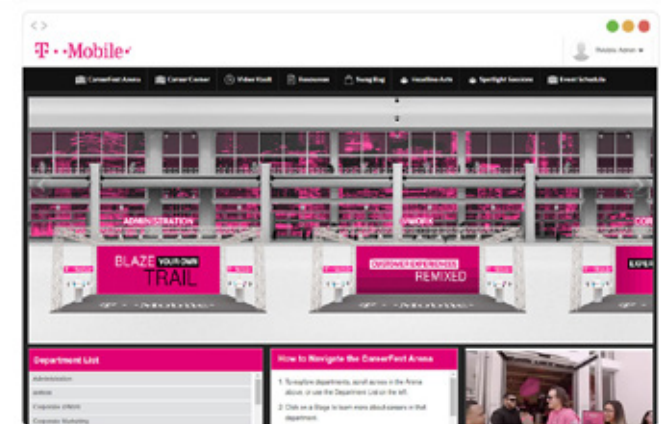

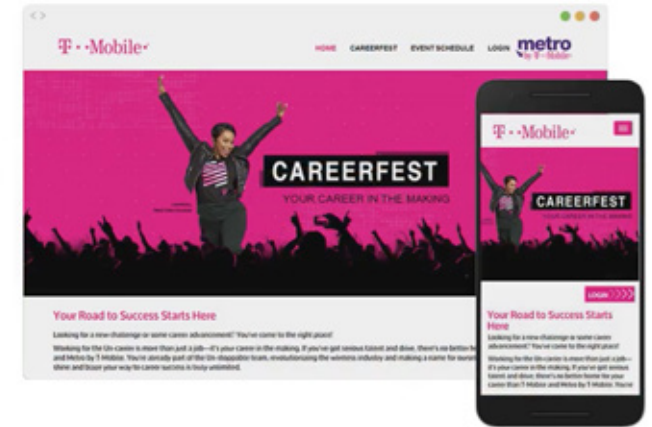

- Pre-register
- Discover information about the conference (Dates, times, etc)
- Find out why they should attend
- Log in on the event day

Simply tell us the information to include and our expert team will do the rest. We'll even customise the registration form so you only capture the data you need.

We'll then start building your event. Choose from a number of designs for the:

- Lobby
- Exhibition Hall
- Conference Hall

Each design can be customised to your company branding, including logos and colours, to simulate the feel of a real life event.

# INFORM, EDUCATE AND ENGAGE YOUR DELEGATES

Invite a lineup of speakers to talk about topics your audience cares about. During the webinars, boost engagement by involving the audience with live Q&A sessions.

## In the Conference Hall, webinars can be:

- Pre-recorded (On-demand)
- Hosted Live
- Hybrid (Pre-record the webinar but close with a live Q&A)

The whole platform is intuitive and extremely easy to navigate, meaning your delegates can interact free of hassle.

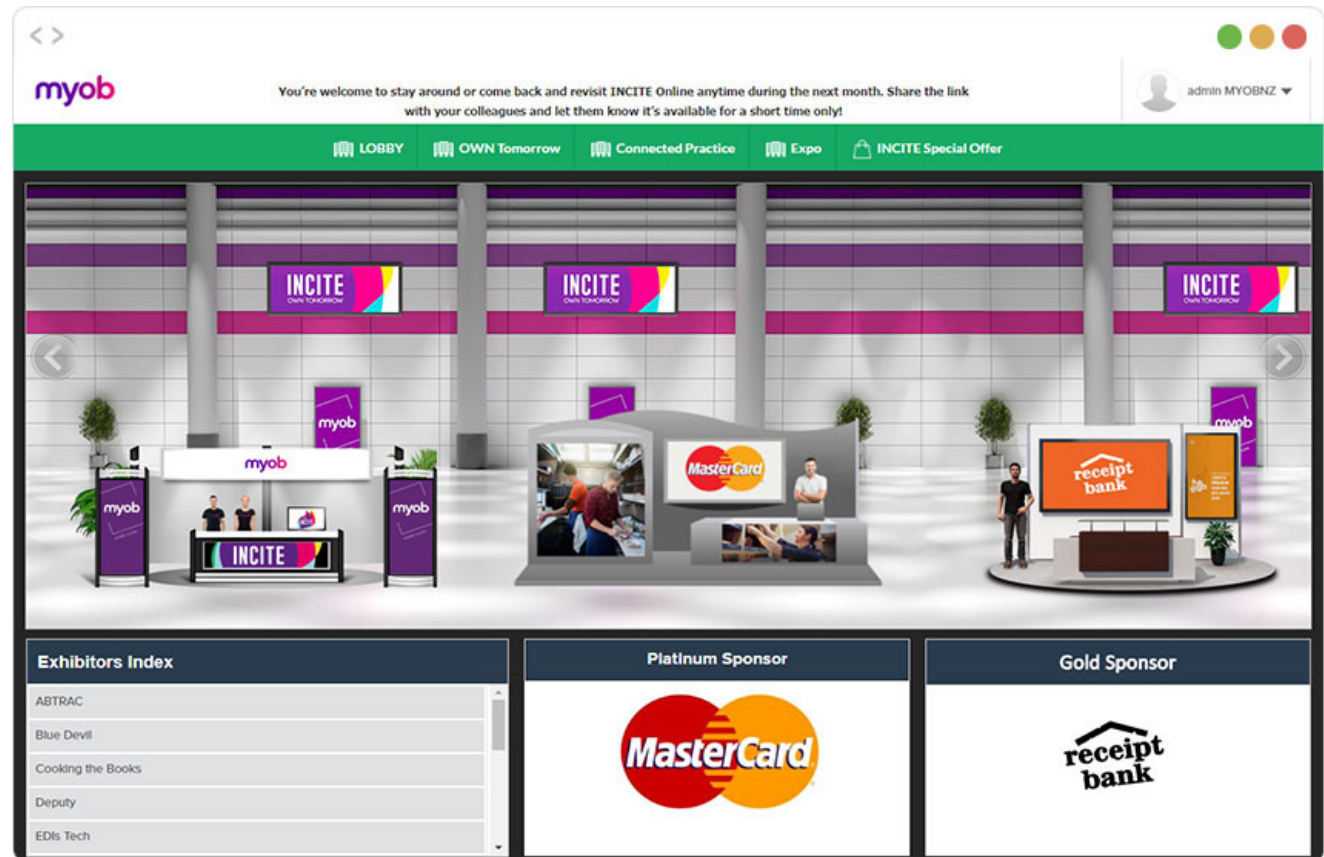

# SIMULATE A REAL EXHIBITION

Customised virtual booths can be included to imitate the feel of a live exhibition. Choose from a range of booth templates and upload your content and graphics using a simple form. We'll then do the rest!

## Booths can feature:

- Videos & Presentations
- Documents
- Links to websites or social media platforms
- Avatars of your team members
- Live chat features. Connect using video, audio and text chat functions

Delegates can save information for future reference by saving it to their own swag bag!

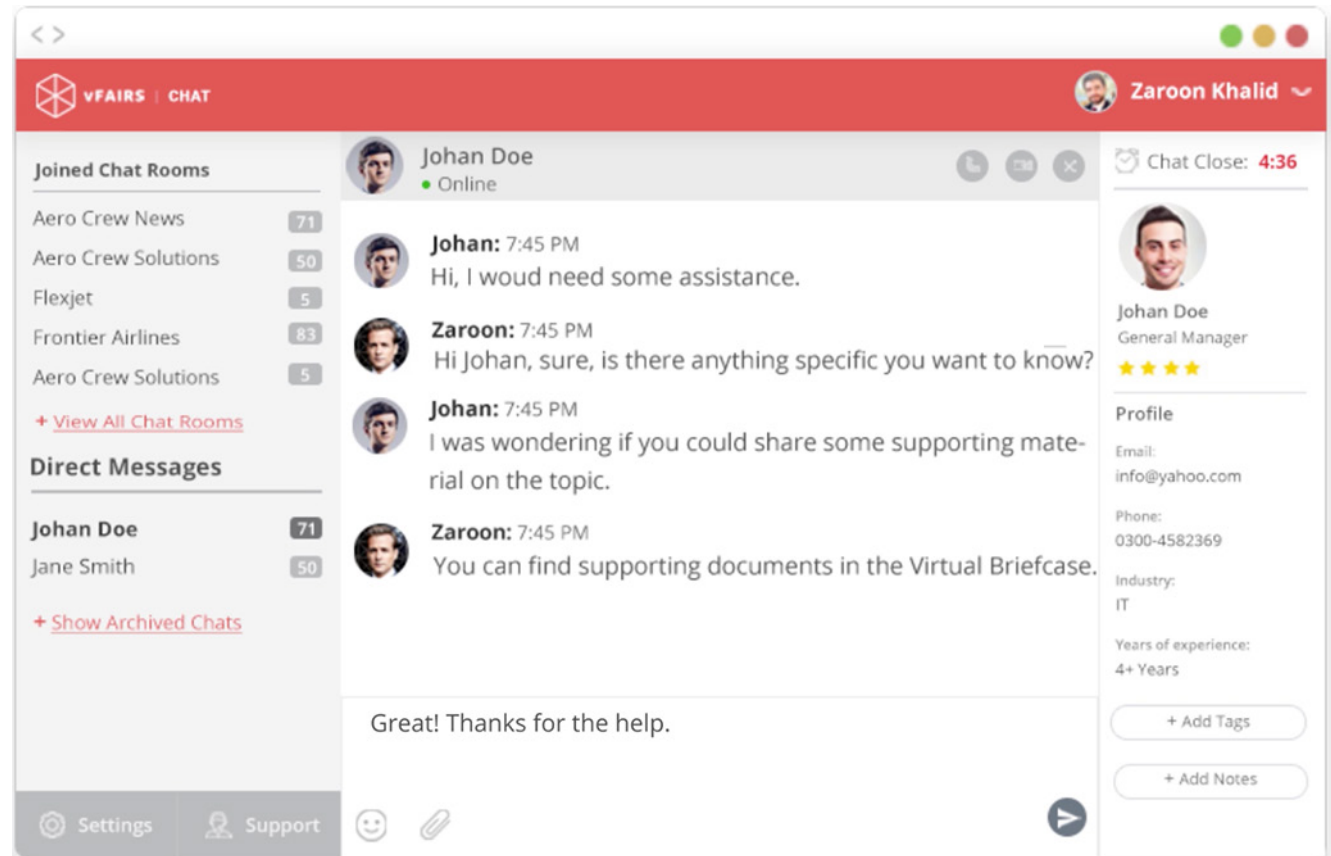

# MAXIMISE INTERACTIVITY THROUGH POWERFUL ENGAGEMENT TOOLS

Make the conference an unforgettable experience by enabling attendees to interact through rich engagement features. Answer queries and equip delegates with more information through public and private conversations. Simply choose your preferred way to chat!

## Connect through:

- Text
- Video
- Audio

The platform will remain open for 30 days after the live day so delegates and exhibitors can still connect after the conference.

# FAQ'S

## **What kind of technology do I need to run a virtual conference?**

The whole platform will display on mobile, tablet or desktop. We run on the cloud so nobody has to install any software to access the conference. All you need is a standard web browser and a stable internet connection.

## **How long can a virtual conference be?**

We will run the conference for as long as you want. However, while it does depend on the nature of the conference, we have observed that two day events work better in terms of ROI.

## **How long does it take to set up a virtual conference?**

A typical virtual conference can take 1-2 weeks to set up. This includes configuring branding elements, designing booths, uploading content and scheduling webinars. Customisations to the default features can take more time and are estimated on a case-to-case basis.

## **What kind of support and training do you offer?**

As soon as you sign up, we'll assign you a dedicated Project Manager who will take care of your needs before, during and after the conference. Our technical team will remain on standby to resolve any issues while your conference is in progress.
